### HOF40G

**Description:**

Flat Braided Nomex Lacing Tape 40HOF17G

**Part Number:**

**HOF40G**

**Specification:**

A-A-52084, Size 3, Finish C

Color: ----- Natural

Coating: ----- Syn. Elastomer

Putup: ----- 500 yd

Minimum Break: 35 lb

Elongation: ----- 40%

Yield (Nominal): N/A

Width: ----- 0.068" min - 0.083" max

Thickness: ----- .009" min - .015" max

**Material Properties:**

Braid furnished under this data sheet does not melt and does not propagate flame. At about 800°F it carbonizes & forms a tough char. The yarn used in this braid is unaffected by most acids, except some strength loss after long exposure to hydrochloric, nitric and sulfuric. It has generally good resistance to alkalis and excellent resistance to mildew and aging. It also has good abrasion resistance.
